Whitewater Health

Patients Participation Group (PPG)

The Annual General meeting of the PPG will take place on the 12th of February 2026 at 6.30 PM at Hook Surgery and is scheduled to last 30 minutes.
We would welcome patients of Whitewater Health to join us
If you wish to attend please contact us via our PPG email
Whitewaterppg@gmail.com

The purpose of the PPG is to ensure that patients and carers are involved in the range, shape and quality of services provided by their practice and to help improve the patients experience of Primary Care.

PPGs [Patient Participation Groups] are groups of volunteer patients from the GP practice who meet up on a regular basis. We are a neutral group that has no specific political or religious affiliation.

We always welcome prospective members to ensure we have a cross section of the community.
